EXPERIENCE

Independent Developer · AI Automation Specialist

Feb 2023 – Present

Self-Employed · Remote · New Delhi, India

- Shipped **18+ production projects** across 7 verticals — websites, business platforms, AI agents, and automation workflows.
- Built **Grah Kalyan** — religious marketplace with admin / manager / pandit dashboards, custom PHP plugins, and WooCommerce extensions for puja booking, order routing, and role-based access control.
- Delivered **Urban Investors** — real estate platform with **2,000+ verified monthly visitors** (Similarweb, Apr 2026), 31% bounce rate, 2.54 pages/visit. Integrated WhatsApp AI agent for automated lead capture.
- Architected **Urban Investors CRM** on Next.js + OpenAI — call recording, AI-generated reports, automated salesperson scoring.
- Built production **AI voice agents** (Twilio + OpenAI + RAG) and **conversational chatbots** for real estate and e-commerce clients.
- Designed **n8n automation workflows** for lead qualification (GPT-4o-mini → HighLevel CRM), cold-email personalization (LinkedIn enrichment → AI icebreakers), and SEO rank tracking (MCP-powered SERP agent).

Frontend Development Intern
